General Report Comments: Upon arrival, I was granted access to the property by the owner's friend. The dog is currently on a 10m runner with an attaching 4m light chain with swivels. The owner has tried leather collars before, which the dog keeps breaking, hence they are using the hosepipe method. The chain is loose and does not pose a current threat to the dogs neck or esophagus. The dog had a make shift kennel, water and the dog is in good condition with no veterinary or health concerns observed.

I will try to source a thick strong collar for the dog and bring it to them.

Owner complied with warnings issued

Will do a final check in 3 weeks time to ensure continued compliance
