CHECKLISTS

General Report Comments: Upon arrival, I was met and granted access to the property by the owner's girlfriend, Essie.

I did not see any animals on the property. I looked inside the kennels, and all around the property but did see or hear any animals.

Essie advised that the owner, Eugene Thomas - 0612855281 - took the puppies with him to Houtbay, Cape Town this morning as he will be there for the next week, he works on the fish trollers, and will be caring for them there. She is not sure when he will return. Essie also advised

I tried to call Eugene, but he did not answer his phone. I then sent him a Whatsapp message to contact me so we can discuss the way forward and the puppies welfare.

Eugene responded and confirmed that he is currently in Houtbay, and that the puppies are with his parents in Cape Town and that they bought Milko Pup for them and are giving them the milk as prescribed.

I will come around in 2 weeks time again to see if he has returned and if the puppies are back on the property.

No further action is currently required at this stage
