General Report Comments: Upon arrival, I was met at the gate by Chante, she is a tenant that stays at the back of the property.

I asked if the owner is present and she advised that the owner is off today but that they went to the petshop to buy Nexgaurd and deworming for the Pitbull, as they got paid today.

The pitbull has lost weight again and his skin is not looking better from when I last saw him, it is asif his skin is not continuing to improve. Chante advised that he eats alot but is not picking up weight, and that he has worms as they saw it in his feaces in the week.

I asked Chante to please keep the proof of purchase of the Nexgaurd and deworming with her, as I will then come around on monday to verify proof and there after monitor the dogs progress again. I also advised Chante to inform the owner that he will have to purchase Nexgaurd monthly, due to the dog's sensitive skin otherwise it wont become better. She will inform the owner.

The other dogs are in good condition with no veterinary or health concerns observed.
