General Report Comments: Upon arrival, I was met by Chante, who advised she is now the owner's girlfriend.

I observed the dogs still have ticks on them and that Trigger's skin condition is not improving.

I asked Chante if the owner bought parasite control for the dogs and she advised that he lost his previous job and just begun a new job this week and that they did not have money yet. But that she is sure that he will buy them nexgard this weeked as he apparently gets paid on friday.

I advised that I am concerned about Trigger's skin condition as his skin is not improving, and as a matter of fact actually appears to deteriorate. Chante agreed that his skin is not looking good.

I issued a FINAL warning stating:

1. Trigger must be taken for veterinary assessment and treatment.
2. All the dogs must be dipped or given Nexgaud/Simparica
3. Trigger can be surrendered to the SPCA.

I have granted them time till Monday, 9 December, 11am.

If there is no compliance, I will apply for a warrant.
