General Report Comments: Leandie gave me access to the property. I asked Leandie how many dogs she has on the property and she said she has 27x dogs of her own and that she rescued 2x dogs from Hawk Hounds. According to Leandie one of the 2x dogs that she has rescued from Hawk Hounds belongs to her. The dogs on the property are loose and can get in and out from the house. Outside I observed kennels, water and food for the dogs. We went inside the house where I observed some of the dogs lying on the bed and sofas. Inside the house there is also water and food available. According to Leandie all the dogs are sterilized, I asked Leandie for the vet books because if the dogs are all sterilized they all must have a vet book. Leandie told me with the moving from her previous place to this place she lost some of her stuff, including the vet books. The dogs in Leandie's care are in acceptable conditions. I did not observe any sick or injured dog. Leandie has 29 dogs in her care. Will follow up.
