General Report Comments: I saw 1x black pitbull female with 3x puppies on the sidewalk. I asked who the dogs belonged too and a lady who introduced herself as Maureen Cloete came out and told me that the dogs belongs to her. Upon closer inspection I saw that the dogs has skin conditions,I asked Maureen if they are using any treatment for the skin conditions and she said no,inside the property I observed another brown and white terrier x female also with a skin problem. Maureen decided to surrender the 3x puppies,refer to admissions D8382,D8383 and D8384. I told Maureen what she can use for the other 2x dogs as she did not want to surrender them. I gave them 8x days to get Sampirica for both dogs. Will recheck.
