General Report Comments: I saw 1x tan terrier x female on a short static chain without a collar. The dog does not have shelter and is chained under some sort of carport, I think that the owner thinks if the dog is under the carport it does not need shelter. The dogs body condition is acceptable and her living area is clean. Water was also observed. I issued warning W5579 to put the tan female on a running chain and to provide with a collar and adequate shelter. Will follow up.
