General Report Comments: Upon arrival, I was met and granted access to the property by the owner.

I saw the dog of concern, the dog has been placed on an extended light chain which is approximately 6m long with a swivel attaching to a material collar. The dog is slightly underweight, and according to the owner the dog was at the mobile clinic in August to be dewormed .

The dog has adequate protection against the weather elements with a kennel being placed underneath the carport.

I will follow up in 2 weeks time regarding the dogs weight.
