General Report Comments: I saw this black and white terrier x on a short static chain without a collar and I stopped at the house,a woman came out and introduced herself as Mrs. Fortuin. I asked why the dog is on a chain and she told me that if they let the dog of the chain ,the dog is always in the street and they are afraid that the dog can be run over by a car because they live next to a busy street. I explained to Mrs. Fortuin that the chain is to short and that the bare chain around the dogs neck can hurt him. Water and shelter is available and the dogs body condition is acceptable . I issued warning W5577 to put the dog on a runner or to extend the chain and to provide the dog with a collar. Will follow up.
