General Report Comments: Upon arrival, I was met and granted access to the property by the owner, Caterine.

Caterine advised that they went to Wesland DiereHosp yesterday but that they did not have space to see to them and was advised to return on the 11th of Sept in the morning. This was confirmed by Wesland DiereHosp.

I also called Caterine's husband, Danwill, who advised that he will take the dog through tomorrow morning. Danwill further advised that if for any reason he is not able to that he will let me know and then rather surrender the dog.

I will call Danwill tomorrow morning to confirm that the dog has been taken.

I observed the dog, the dog is walking better than initially seen and the swelling appears to have come down, however the hip still appears to be out of place as the hip is opened up and showing outwards.
