General Report Comments: Upon arrival, I met with Catherine outside the property where the dog was sitting next to her. She informed me that they will surrender the dog as things are not working out for them and that they were not able to take the dog for the scheduled appointment.

The dog was surrendered: ADM: D10324

I wont persue this case on a prosecution as the owners did try to have the dog assessed but due to misunderstandings and them thinking the person who knocked the dog was responsible for the bill, the case wont be very strong and the owners circumstances will be considered as a mitigating factor.

There are no other animals on the property. Case can be closed
