General Report Comments: I saw the dog standing next to the road and after asking the people around they showed me the property where the dog belongs. There was blood on the dog's face. Ronald came out of the house and confirmed that the dog is his and was attacked by other dogs. He informed me that he doesn't have money for the vet treatment. I advised him to surrender the dog as the dog is suffering. He surrendered the dog and there is no animals left on the property. I observed water and shelter. The living environment is clean. I issued a Notice to comply advising Ronald to seek vet treatment in future for any sick or injured animal in his possession.
