General Report Comments: The owner of the dog was said to have left two days ago. The adult male Pitbul named Bruno is on a short static chain of about 1-2meters long with a collar. The dog's body condition is fair and acceptable. The dog is sterilized. The area around the dog kennel has feces lying around . There was no water available when I arrived and I had to ask Franco to provide some fresh water for the dog. There is no swivels on both ends of the chain which makes the chain to entangle. I issued a Notice to comply and I will recheck
