General Report Comments: I was met by Marius Humphreys from Swartland law enforcement at Ormonde. Marius told me that the horse belongs to his brother in law, Denzel. I asked Marius what happened to the horse mouth and he told me that they used the bit on the horse. Marius has already treated the wound with wound spray. Marius also called Dr. Gordon Adam's at TAH animal hospital in Darling to ask Dr. Gordon what else he can use for the wound. Marius told me that Dr. Gordon will get back to him and then he will let me know. Water, food and shelter was observed for the horse and the body condition is acceptable. Will follow up.
