General Report Comments: PROACTIVE

I found the dogs at 72 Wilger Street, Witteklip in Vredenburg. The owner was visiting a friend. The dogs were roaming in the street and I saw they appear to have severe skin conditions and I suspect they have mange. The dogs are otherwise BAR, and interacted with me.

The owner approached me and advised that he is visiting here for the evening and that he reside at 206 Storm Street, Witteklip in Vredenburg. He stated that he only has these 2 dogs.

I advised him that I am concerned about their skin conditions and will advise they see a veterinarian for an assessment and possible treatment. The owner said he will see to this as he will not surrender the dogs.

I issued a warning for both dogs to be seen by a veterinarian within 5 days.
