General Report Comments: Upon arrival, I was met and granted access to the property by the owner's girlfriend, Natania.

Natania advised that Levy, the owner, is home today but that he left a while ago and that she is not sure where he went to. He allegedly advised her to inform me that I am welcome to take the dog for treatment and bring the dog back. I informed her that that is unfortunately not a service we provide and that the responsibility lies with the owner to ensure his animal is taken for treatment. I advised her that I tried to call him during my last visit and that I also send him a Whatsapp message, to which she confirmed that he received the message as he advised her of such.

I tried to call the owner twice again, but his phone was off.

I advised Natania to inform the owner to contact me by 17h00, if no contact is made then I will have no other choice but to apply for a warrant. She understood and advised that she will inform him.

I saw the dog on the property today, the dog still seem to be in the same condition as initially observed, with a severe skin condition. Some parts of the skin appeared to be red-ish today aswell.

ACTIONS

OTHER Owner has till 17h00 to contact me.
