CHECKLISTS

General Report Comments: Accompanied by Trainee Insp Mathabela.

Upon arrival, no one appeared to be home as there was no response to our presence.

We did not see the dog in the front yard, where I previously observed the dog tethered. Some kinds in the community opened the gate and knocked on the door, but still there was no response.

We drove around to see if the dog has not been moved to the back yard, but no dog was seen in the backyard as well.

I will follow up next week again to try and find the dog.
