General Report Comments: I saw 1x white terrier x male on her a short rope without a collar and the dog does not have any shelter. There was no people at home to talk to about why the dog is tied with a rope. Water was available, the Wendy house door was open but nobody came out. The dog could get in and out from the Wendy house. Body condition is acceptable. I issued warning W5597 to provide the dog with adequate shelter,provide a collar and to install a running chain.
