General Report Comments: The dog named Lilly is thin and full of ticks. The other 5 dogs on the property are all healthy and in good condition. Water and shelter observed. All the dogs on the property are loose and running freely. The living environment is clean. Juanita informed me that she got Lilly as a stray and Lilly was very thin. I advised her to call the Law enforcement whenever there is a stray animal because by keeping the dog she decided to take responsibility. Juanita decided to surrender the dog. I issued her with a Notice to comply
