General Report Comments: Upon arrival, I was met with the owner. I saw the one dog has been placed on a runner. The runner is approximately 7m long with an attaching swivel and rope (1.5m) attached to the dog's material collar. The dog has access to his kennel, water and a clean living area.

I asked the owner where the pitbull is and he said he took the dog to his friend until he can install another runner at the back of his house. He will be done in the next 2 weeks.

I will follow up regarding the return of the other dog.
