General Report Comments: I was granted access to the property by the owner Mr. Alexander Demingo. I told Mr. Domingo why I'm here and asked him to show me the dogs. I saw 1x brown terrier x male and 1x black and white collie x male, both dogs are on short chains and they are provided with collars. The brown terrier x male is underweight and I asked Mr. Demingo when last were the dogs dewormed and he could not remember. Water, food and shelter is available. Mr. Demingo told me that the dogs were on runners but the wire has snapped and showed me where the running chains were installed. I issued warning W5519 to put both dogs on running chains and to deworm the dog Rex because he is underweight. Will follow up.
