General Report Comments: I was met by the owner Mr. Demingo. Mr. Demingo has adhered to my warning and the dog was dewormed, refer to attached pictures. Both dogs chains was extended although I have asked to put them on running chains. Mr. Demingo told me that the wire that he has is not strong enough and that both dogs broke it, he showed me the wire and I could see that it has snapped. I told Mr. Demingo that I will bring him some stronger wire to fix the running chain. Mr. Demingo has also purchased some dog food at the petshop where he bought the dewormer. Water, food and shelter is available. I will monitor the body condition of the brown terrier x to see if internal parasites were the problem. Will follow up.
