General Report Comments: Upon arrival, I went to the back where I could see the dogs through the partitions as the owner of the dogs have placed locks on all the doors.

I could see the dogs have food, and water. There is a large bucket placed under a tap which is slowly dripping, this bucket was full of water.

The owner is still ensuring his animals are cared for.

I will do a routine check on friday again and arrange with the owner to meet me at the property.
