General Report Comments: Upon arrival, the owner was not present. I walked around the building to the back where the dogs can be seen. The dogs had water, food in their self feeders and the feaces seen was fresh. Their roaming areas are clean. The dogs appeared to be in good condition with no veterinary or health concerns observed.

The owner did advise me that he appointment a local man, Bronwyn, that is attending to the dogs daily. He is with them in the morning and afternoon where he is responsible for cleaning, feeding and walking with the dogs.
