General Report Comments: Upon arrival, I was met by a woman who resides on the property. She advised that the owner is working, but that she will help me.

She took me to the back where the dog was laying in his shelter. I called the sog and the dog stood up and came to me. The dog still had the bandage on, but was putting pressure on the leg. I cut the bandage off and saw the wounds are looking well. There was no swelling on the leg and the wounds was actually clean.

I tried to call Dr Cowan, but she was working halfday and could not take my call. I asked the receptionist to please ask Dr Cowan to give me a call. I will follow up tomorrow morning with Dr Cowan again, if she has not called me back to find out what her opinion is with regards to the wound.
