General Report Comments: Upon arrival, no one appeared to be home as there was no response to my presence.

I went to the back of the property where I saw a dog in the far distance chained to a tree. I could not verify if the dog had a collar and the chain appeared to be about 4m long. I could not see shelter, or water.

I issued a warning:

1. Place the dog on a runner, and install it in a such a manner that the dog has access to a kennel, water, a clean living area and the dog must have a suitable collar with swivels attached.
2. Contact me to discuss these concerns.
