General Report Comments: I did a door to door at the property and I saw 1 Rottweiler puppy on a running chain without a shelter. I arrived at the property and I knock no one came out and there's no gate at the property and I asked the neighbors to stand on her property and they let me I saw there's no shelter. We left the warning that the owner must provide the with a shelter. Later the day the owner of the dog called me and I explain to him why is necessary for the dog to have shelter even if they keep the dog inside the house at night and he said he understands he will provide the dog with a shelter will recheck after 3 days.
