General Report Comments: I did a door to door at the property and I was accompanied by inspector carina bodenstein. I saw 1 dog on a short chain without a collar. I arrived at the property and I knock Mrs Anna came out to speak to me.
I explained to her why I was there and she welcomed me to the property we spoke about why she put the dog on the chain because her property is well fenced and she said she chains the dog because people are scared of the dog.
I advise her to put a running chain for the and chain the dog when necessary if people are coming to the property and she freed the dog from the chain.
We left the warning for the running chain will recheck after 9 days because she said the dog belongs to her son and he comes home late at night and he will tell him to put a runner for the over the weekend.
