General Report Comments: Upon arrival, no one appeared to be home as there was no response to my presence.
The neighbor from 19 Kiewiet, Mercia, approached me and advised the owner is not home.

I saw the chain the dog is on has is a new chain and the chain is longer. The chain is approximately 6m long now, attached to a new collar and a strong swivel.

I still think the dog can be placed on a runner, as there is sufficient space next to the house down the alley. Where the dog will then have a minimum of 10m. The current space is probably sufficient, but I think more space can be utilized by the dog.

I issued another warning for the owner to place the dog on a runner.
