General Report Comments: Upon arrival, no one appeared to be home as there was no response to my presence.

I observed that the owner has installed a runner and that the dog has been placed on the runner. The runner is approximately 8m long, with a 4m attaching chain to a swivel attached to the dogs material collar.

The dog has access to water, adequate protection against the weather elements in the form of a kennel. The dog appears to be in good condition with no veterinary or health concerns observed.

The owner complied and the dog currently has sufficient roaming space .

No APA contraventions observed.
No further action required.
The case can be closed.
