I saw the dog kept on the right-hand side of the property in an alley way, however the dog was kept chained. The chain is approximately 2m long. The dog had a water bowl, but the bowl was green with algae and dirty. The dog had a bowl of food which he was eating from. The dog appears to be in a good condition, with no veterinary or health concerns observed.

I issued a warning:
1. Provide the dog with clean water at all times
