General Report Comments: Upon arrival, no one appeared to be home as there was no response to my presence.

I saw the dog on the runner today. The dog was using the runner with comfort. The runner is adequate length, with an swivel attaching 4m light chain attached to the dog's material collar.

The dog has access to drinking water, a clean living area and a large wooden kennel which provides adequate protection against the weather elements.

Case to be closed, as the owner complied.

No APA contraventions observed.
