General Report Comments: Upon arrival, I met with the owner. I saw the dog is on his runner, 5m, with an attaching 4m light chain, but the wire is a bit loose. I also saw the kennel has collapsed, the owner advised that the dog climbs on the kennel and this morning it collapsed. He is busy fixing it and has aquired another pallet which he will fetch this afternoon. The dog can still use the makeshift kennel, it is just a tight fit to get in to.

I advised that I will come around next week to make sure all is in order.

I advised the owner on how to tighten the wire.
