General Report Comments: Upon arrival, I was met by the owner Jaco, as per our meeting arrangement.

I was taken to the sheep to observe their living conditions. Jaco did not want to grant me permission to take photos.

I saw 2x rams. One is 6yrs old (Lammie), the other one is 4yrs old (Boesman). They are kept on a vacant plot adjacent to the owners house. They have access to water, grazing, pellets given in the morning, a clean living area and a large tree that creates a canopy which provides adequate protection against the weather elements. The sheep are taken indoors at night where there is an enclosure, under roof, cemented flooring, straw bedding.

Jaco advised that the sheep will be sheered this weekend, as per his arrangement with the lady.

I will come by next week to verify.
