General Report Comments: Upon arrival, I was met and granted access to the property by the owner.

I observed 5x horses. 2x mares, 2x colts and 1x foal(7 months).

The horse have a night camp, where they are kept during the evenings. They have access to adequate shelter, 3-sided shelter. Access to Water, clean living, and are fed 2x day. They also have access to additional oat hay.

The horses appear to be in a good condition, well fed, and not veterinary or health concerns observed.

This is clearly a dispute, the owner advised that he and his wife divorced and also claimed that she is the complainant, he was right. He said that she is trying to get the property back and has send every law enforcing entity to his property in the last month.
