General Report Comments: Upon arrival, I was met and granted access to the property by the owner's son, Ricardo.

I only saw the tan female dog free roaming inside the property. Ricardo advised that the puppy that I previously saw was not theirs and the owner came to fetch it.

The dog seen today, Ricarso advised that he will still install a runner, but for the time being that he is at jone the dog will be free roaming. He said the kids tried to install the runner, but did a poor job with the pens in the ground and the dog kept coming loose. He will have the runner installed this week as he will go away for work next week.

The dog currently has access to shelter, a clean living area, and water.

I will follow up next week regarding the runner.
