General Report Comments: Upon arrival, no one appeared to be home as there was no response to my presence.

I saw the dog has been placed on a runner. The runner is approximately 5m long with an attaching 2m light chain, with a swivel attached to the dog's material collar. The dog now has sufficient roaming space, and the door of the cage has been removed and the cage is now functional as shelter.

Dog is in good condition with no veterinary or health concerns observed.
