General Report Comments: Upon arrival, I was met and granted access to the property by Uvile, the owner's nephew.

He advised that the dog gave birth and took me to the dog. She was laying inside a sheltered area with 6 puppies, that appeared to be healthy.

Uvile advised that the owner brought medication for the dog, tablets and also injected her. He is not sure with what. He gave me the owner's contact details. I tried to call the owner, no answer. I then send him a Whatsapp message and he only responded later the evening where he advised that he gave the dog medicine and that he will send me a picture of the medicine tomorrow afternoon when he is home again.

I advised Snr Insp Sifiniza, from SBM Law Enforcement regarding the amount of dog they have on the property again, as I again saw 6 dogs, excluding the 6 new puppies. He advised that he will inform the Principal Inspector regarding a plan of action.

To await photos of medicine from the owner. Yo await a date given by Law Enforcement for a possible joint inspection.
