General Report Comments: Upon arrival, I was met and granted access to the property by the owner.

I saw the dog has been placed on a runner. The runner is approximately 9m long, with the dog's attaching 2.5m light chain attached to his material collar. The dog has access to his kennel and has sufficient roaming space.

I observed that the owner does not have an O-ring to attach to the runner or a swivel attached and informed her that I will look for her and will bring them next week.

The owner complied with the warning issued.

I will come by next week to add the O-ring and a Swivel.
