General Report Comments: Magrieta did not comply with the warning which was issued by Inspector October. The dog is tied with a nylon rope to a tree. There is no collar available for the dog. Magrieta showed me a piece of chain which she wants to use for the running line. The dog kennel is completely broken and the dog is sleeping under a tree. The dog is using the nylon rope as a collar. I did educate Magrieta on how to chain the dog and I explained to her that the SPCA is opposed to any type of chaining and there is an acceptable way of doing it. I issued a Notice to comply and will recheck
