General Report Comments: There was no people at home. I saw +- 7 dogs on the property with severe mange. As I was about to leave someone opened the door, and introduced herself as the owner of the dogs daughter. I asked her if her mother has taken the remaining dogs to a vet and she said no her mother did not. I tried to contact the owner but she did not answer her phone. I took some pictures and left the property. Wil discuss this case with my manager Inspector Van Zyl.
