General Report Comments: PROACTIVE

Upon arrival, no one appeared to be home as there was no response to my presence.

I observed through the property fence, 2x dogs chained to their kennels against the fence. Each chain is approximately 1.5m long, but there is no swivels attached, and the chains are twirled. The dogs have suitable material collars fitted. Both dogs appeared in good condition with no veterinary or health concerns observed.

Warning issued:
1. Place both dogs on runner.
