General Report Comments: Upon arrival, no one appeared to be home as there was no response to my presence.

I observed both dogs still on their static chains.

A lady approached me, who identified herself as Nosipho. She resides next door at 512. Nosipho advised that she saw the warning I left and gave it to the owner, Mr. K. Lwana.

Mr Lwana advised her that he will install the runners over this weekend, as well as fix the kennel for the 1 dog.

There is no street name for this property. Here is a google maps pin location-

Follow up to be done next week to verify if the dogs have been placed on runners, and if the kennel has been fixed. The kennel, even though collapsed, still provides the dog with some degree of protection against the weather elements, but I am not satisfied with the current state as the dog can also become hurt.
