General Report Comments: Upon arrival, I was met and granted access to the property by Bianca, the owner's sister.

Bianca advised that her mother made arrangements with Margi from CARE St Helana Bay to pick the dog up this afternoon.

The other dog was also on the property and I saw that the injury is small and healing, as there is a crust. No swelling or signs of infection.

I called Margi to confirm this arrangement. Margi advised that she spoke with the owner but that she is under the impression that the owner is going to surrender the dog to her. Margi will just clarify with the owner and let me know this afternoon when she goes there.

If I dont receive feedback from Margi this afternoon, I will call her tomorrow morning.
