General Report Comments: I was met by Valda Adams on the property. Valda told me that they are still waiting on the farmer who is going to shave the sheep, but they have cut the wool of the sheep which was matted at the vack, and where the feces got stuck. Valda went to show me and I could see that some of the sheep that was matted was shaved. Water, food and shelter is available. I will do a recheck to see if the sheep has been sheared. Will follow up.
