Bonzo the male X breed dog is on a short static chain with a collar. Bonzo is thin and I phoned Mr Mcquire and he informed me that Bonzo gets thin when he is on a chain because of stress. He informed me that both dogs are aggressive and if left loose they will bite people. Meisie the female Pitbul dog is on a long static chain with a collar and her body condition is acceptable. The living environment is clean. Water and shelter observed. I issued a Notice to comply
