CHECKLISTS

General Report Comments: I arrived and there are 2 Jack Russell dogs on the property. A male and a female. They were both in an acceptable condition. I asked the owner about the complaint that the dogs were locked in a container. He told me that they had an emergency and had to go to Cape Town to their son. The dogs were not locked in a container. The house is a container with a garage. He showed me the setup and the dogs have access to the whole house from the garage part. NFA UNTIL FURTHER NOTICE.
