General Report Comments: Fernanda was again at her stall selling clothing and she told me that there was no people at home. Both dogs named Sox and Shakira are now on long running chain with collars. Both dogs body condition is fair and acceptable. Water and shelter is available for both dogs. The living environment around the dogs kennels and the running line is clean despite the fact that there is a lot of cars in the property as Fernanda's husband is a motor mechanic. I will do one more recheck
