The Pitbul dog named Gunta is very aggressive and is on a short static chain without a collar. The female dog named Jacque is running loose inside the property and is pregnant. I did educate Ianshaw on the importance of sterilization and she informed me that they will consider it in future. Both dogs have got access to fresh drinking water and shelter. The living environment is clean. Gunta's body condition is fair and acceptable. I issued a Notice to comply and will recheck in 7 days
