CHECKLISTS

General Report Comments: I was met by Frank the owner of the property. I asked Frank where the black terrier x is because I did not see the dog where he was chain in the front of the house. Frank told me that his brother came to fetch the dog because he does not want to get into trouble for somebody else's dog. I asked Frank where his brother is staying and he told me that he does not know the right address but it is somewhere in Hopland. No dogs was seen on the property. Will do a recheck to see if the dog has not returned.
